## GLUE-INS

Print and cut on dotted lines. You can set the glue-in in your scriptures, but to make it permanent, run a glue stick along the edge of the glue-in, open your scriptures wide, and place the glue-in as close to the spine as possible.

WEEK 14 | MATTHEW 14; MARK 6; JOHN 5–6

But there is also something inside of me that channels my thinking to the realization that it is good to toil in rowing against the wind—that there’s something to be gained by exercising spiritual muscles that are stretched in facing trials and opposition. All right, we can accept that. But if He doesn’t come in the first watch He certainly ought to come in the second watch. However, it appears that we worship a “fourth-watch” God. And it is important for us to realize that we worship a fourth-watch God.

Sometimes I pray: “Lord, I know you’re a fourth-watch God and that I’m a first-watch person. Couldn’t we compromise and have you come at the end of the second watch or at the beginning of the third watch? Wouldn’t that be fair?” But the compromise rarely comes, and in my better moments I know it’s good that it doesn’t. He’s a fourth-watch God.
