GLUE-INS

Print and cut on dotted lines. The reference at the top indicates where the word is used in scripture and where the glue-in should be placed. You can set the glue-in in your scriptures, but to make it permanent, run a glue stick along the edge of the glue-in, open your scriptures wide, and place the glue-in as close to the spine as possible.

ABRAHAM 4:1, 3

GOD

ELOHIM אֱלֹהִים

'Elohim is the plural form of the Hebrew singular noun 'eloah or 'el, which means God. Elohim literally means "gods" (see Donald W. Parry, "Hebrew School," *BYU Magazine* Summer 2013). Elohim can also express the plurality of excellence or intensity; it is expressive of supreme or absolute exaltation and power.

ISAIAH 1:18

RED, SCARLET, CRIMSON COLOR

SHANI שני

The Hebrew words for scarlet (*shani*) and crimson (*tola*) signify where the colors were derived from—a worm (most likely *Kermes echinatus*). *Coccus ilicis*, which attaches itself to leaves and twigs of *quercus coccifera*; the dried body of female yields colouring matter. Most often in scripture the colors red and scarlet represent sin or the blood of Christ that was shed because of sin (see Alonzo Gaskill, *Lost Language of Symbolism*, 2003).
